2023 AUTHORITY BUDGET MESSAGE & ANALYSIS

Weymouth Municipal Utilities Authority

FISCAL YEAR: January 01, 2023 to December 31, 2023

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2023 proposed Annual Budget and make comparison to the Fiscal Year 2022 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The 2023 budget has several significant changes from the 2022 adopted budget due in large part to the significant modifications to the shared service agreement with the Hamilton Township Municipal Utilities Authority (HTMUA). In 2023 the Authority is assuming operation and maintenance costs that were previously performed by the HTMUA.

The Salary & Wages and related Fringe Benefits amounts have increased due to additional compensation for the Authority's secretary to perform the billing, collections and other administrative activities that were previously performed by the HTMUA.

Administration other expenses increased due to additional office supplies and materials needed with the change in operations.

Water charges have increased to account for the bulk rate charged by the HTMUA and expected consumption.

Cost of Providing Services other expenses increased due to new maintenance and testing requirements that were previously performed by the HTMUA as part of the shared service agreements.

User rates have been adjusted to reflect these new additional costs.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

The local economy is stable and no significant changes in the number of users has been anticipated.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

None

5. The proposed budget must not reflect an anticipated deficit from 2022 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

The Authority has not budgeted a deficit and no deficit currently exists.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?
